BOARDNET
Your Online Boardroom

Are you ready for a new approach to managing board communications?

Why not arm your board with the online tools that reduce complexity, make their job easier, and help make their performance more effective.

BoardNet™ from CareTech Solutions is a secure, Internet-based board of directors portal that was designed with today's evolving hospital governance requirements in mind. It's easy to use, highly-reliable and provides rapid, confidential access to all the materials and workspace tools a trustee needs to make informed, timely decisions.
