

Your hospital website:  
Accomplishing the  
extraordinary.

## Web Products and Services

CareTech Solutions™

Creating experiences  
that connect patients,  
physicians and the  
community.

CareTech Solutions is a healthcare company that specializes in IT, and we're committed to doing whatever it takes to help you accomplish the extraordinary with your hospital website. It's one of the reasons we've earned the Best in KLAS<sup>1</sup> three years in a row, and the sole endorsement of the American Hospital Association<sup>2</sup>.

# The best Web solution is the one that requires the least amount of effort.

- Content Management Systems
- Self-Service Modules
- Website Hosting and Services
- Website Design
- Search Engine Optimization
- Website Measurement and Analysis

CareTech CMS provides an integrated solution for you to engage physicians, staff, foundation, board members, patients and the community at large. Our intuitive interface invites departments to contribute rich media content in a truly collaborative environment – while user permissions give you final say over your brand.

The self-service modules offer all the speed and convenience consumers have come to expect from an optimal online experience. Your visitors can pay bills, make donations, find doctors, request appointments, and so much more with the utmost in privacy and security.

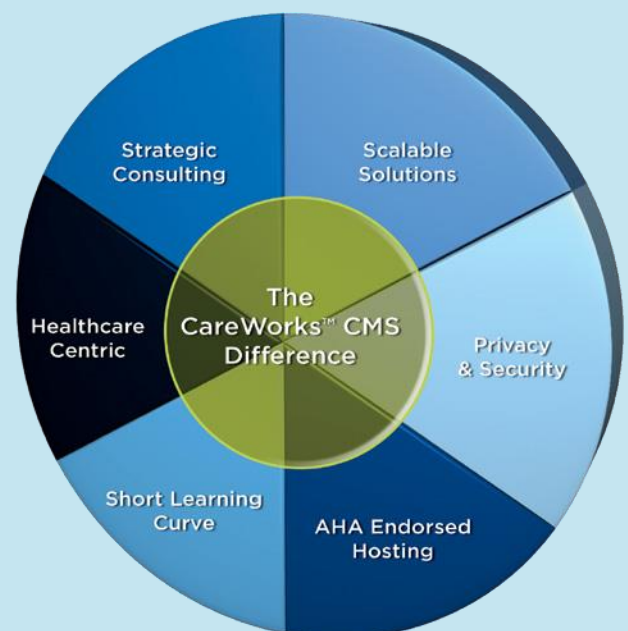

<sup>1</sup> Best in KLAS – Extensive IT Outsourcing; 2008, 2009 and 2010 Top 20 Best in KLAS Awards

<sup>2</sup> American Hospital Association (AHA) Solutions endorsement is for data center hosting services.

<sup>3</sup> CareTech Solutions' Service Desk was recognized as KLAS' 2010 category leader for partial IT outsourcing.

Our design and hosting services make it exceptionally easy for you to get started right away. We can have your new state-of-the-art website up and running within 30 days, and have you editing content within 30 minutes. Of course our KLAS-recognized help desk<sup>3</sup> is available 24 hours a day, seven days a week. You may never have to rely on IT again.

We are industry leaders in integrating across all types of hospital enterprise software – including clinical systems. So when you're ready for an extraordinary solution, give us a call.

"It was a few years ago when we started our search for a CMS provider. Our site was not built on a CMS before, so we really had no idea what to look for. We reviewed at least 8 other offerings before selecting CareTech's solution because of overall value. Today, I am still confident we made a wise choice, but I believe the value we have in CareTech is its people behind the CMS, even more so than the technology. I couldn't ask for a better team to support our website."

DAVE STANIS Director, Digital Communications

OAKWOOD HEALTHCARE, Strategic Communications & Planning

"INTEGRIS Health was laboring with an outdated CMS. We needed a robust solution to move us forward and to ensure our organization remained the online leader in our market. After researching at least eight different products we ultimately decided on CareTech solutions because of the features offered in CareTech CMS as well as CareTech's experience in the health care industry."

TODD STOGNER New Media Manager
